- 1) Use any information that I provide in my application for the purpose of helping me receive GSK products under the program or to administer the Program.
- 2) Receive and keep records of all prescriptions for the medications I receive under the Program, which will be used to administer the Program;
- 3) Contact my doctor, healthcare provider, or pharmacist about my application for the Program, and disclose to them information contained in my application, in order to help me receive GSK products under the Program and ensure that program guidelines are being met;
- 4) Request information from my insurer, doctor, healthcare provider, or pharmacist about the prescribed medications I receive or will receive under the Program and about my medical condition. This information will be used only to determine my eligibility for the Program and to administer the Program;
- 5) Contact my insurer, other potential funding sources, including the Centers for Medicare and Medicaid Services, social workers or patient advocacy organizations on my behalf in order to determine if I am eligible for health insurance coverage or other funds, and disclose to them information contained in my application or information about my prescribed medications and medical condition that has been provided by my physician, healthcare provider, or pharmacist;
